

DEPAEPE

HD MAX series

Big button telephones

Reference : PF000P / PF100P

Description

The HD MAX telephones were designed for the hard-hearing and for the visually impaired people.

Some models are perfectly suited for people losing their memory. All of the HD MAX series telephones are hearing aid compatible. They can all be desk or wall mounted.

3 models

- **HD MAX:** extra large keypad, adjustable incoming voice volume and ringer volume (up to +30 dB)
- **HD MAX AMPLI:** extra large keypad, adjustable incoming voice volume, ringer volume and hands free volume (up to +40 dB)

HD MAX series

Big button telephones

HD MAX and HD MAX AMPLI

- Extra large keypad with large digits and Braille dots (both for letters and digits)
- Adjustable incoming voice volume and tone (up to **+30 dB** for the HD MAX and up to **+40 dB** for the HD MAX AMPLI). Volume and tone can be memorized
- Visible ringing indicator on top and side of the base
- Extra loud ringer with 3 levels adjustment (up to **+30 dB** with the HD MAX and up to **+40 dB** for the HD MAX AMPLI)
- The HD MAX AMPLI features a full hands free speakerphone mode (AC adaptor included)
