

HD2000 Urgence

Hot line telephone series

4 different models - 3 colors

- **Urgence 1** (automatic dialling of one programmed number)
- **Urgence 2** (2 one touch memory keys)
- **Urgence 3** (3 one touch memory keys)
- **Urgence with keypad** (automatic dialling of one programmed number, the keypad allows PIN code entering)

The HD2000 comes in **Red, White** or **Dark grey**

Description

The HD2000 Urgence hot line telephone gives instant access to **1, 2 or 3 preprogrammed numbers**. Fully line powered and using **EEPROM** memory backup, those telephones guarantee to perform well even after having been temporarily disconnected.

- Access to **reprogramming needs no case opening for maintenance staff**, however, in order to enhance security, a **locking device** prevents from unfortunate or hostile memory changes.
- All units come with an **anti-theft wall mount screw**.
- The **ringer cannot be switched off** and **2 blinking leds** help identifying the ringing telephone when several are installed close to each other.
- Protected by a **PIN code access**, **field programmable settings** offer the choice of timed conversation or call barring of selected digits when dialling.
- **Optional desk mount kit** is available for versatile uses.

Typical applications

- **Private or public security**, hot line service with instant connection to police departments, fire stations, guard posts, ...
- **Service and tourism**: car rental, hotel reservations, automated bank services, airlines reservations, ...
- **Emergency elevator telephones**
- **Department stores**: product information or services, ...
